

Medical Transport Cooler

Whole Process Safety Carrier

Typical Application

Cold chain transportation for samples, reagents, blood products, specimens and drugs.

-  Lightweight design, easy to handle
-  Real-time display of inside temperature, more intuitive
-  Non-pollution material with superior temperature control performance

Product Advantages

High strength material, anti-collision, non-toxic and harmless, UV resistant.

The outer-unit body is equipped with an integrated handle, which is firmly installed and durable.

Real-time display of temperature inside the cooler, making the temperature monitoring more intuitive.

Specially positioned ice packs, partitioned storage, easy to operate.

Professional & innovative sealed design ensuring zero cold leakage to achieve safe, secure and reliable long-term cooling preservation.
